The Art of Wine

2007 Sonoma Valley
CABERNET SAUVIGNON

Warm, robust, hearty. Imagine a wine that stirs the spirit, like an evening with good friends. Wyland Cellars delivers a distinctive Cabernet with deep notes of plum, currant, and black cherry. Finally, a hint of spice and cedar give this friendly wine the right touch of complexity just waiting to be paired with roast lamb or New York steak

Lunar Celebration

A moon rise illuminates a breaching humpback whale in this powerful original painting by marine life artist Wyland. Wyland encountered this scene on a still evening as his small boat drifted silently over calm waters. "We were amazed when a forty-ton humpback whale suddenly hefted its entire body towards the heavens," he says. "It seemed to hang there frozen in time. I wanted to hold that moment forever. Lunar Celebration is my way of capturing the incredible power and grace of these acrobatic leviathans."
